

# Visit to Thames Water

23 May 2019

Visit to Thames Water Fobney Advanced Water Treatment Works with a short presentation on water treatment advanced technologies.

Dating back to the 1600s with the creation of the New River. Thames Water features some pretty impressive engineering projects, record-breaking investment, UK firsts and water industry-leading initiatives.

They are now the UK's largest water and wastewater services provider. Supplying around 2.7 billion litres of water, on average each day, to 10 million people. Thames Water Company's water quality is amongst the best in the world.

**Time:** 18:00 arrival with a 19:00 start till 20:00

**Location:** Thames Water Fobney Advanced Water Treatment Works, Rose Kiln Lane, Reading RG2 0SF

**Cost:** Free of charge, open to all
