

27 Aug IChemE Technical Talk

Join Bethan Vasey for the presentation “**Decommissioning and Dismantling of the Brent Delta platform, the 1st single lift executed worldwide**”. This operation performed by a single lift vessel Pioneering Spirit, the heaviest marine lift ever undertaken at sea, represents a remarkable achievement in the industry. Her presentation will cover:

- Overview of Brent project
- Offshore preparations
- Lift and transport
- Yard conditions and setting
- Dismantlement approach
- Safety Management
- Learnings and Reflections

Time: 6pm.

Date: 27th August 2019

Venue: Carmelite hotel Stirling St, Aberdeen AB11 6JU, UK.

Parking: Union Square car park

Cost: **FREE** and food will be provided.

This is a great opportunity to record your CPD and networking with Aberdeen Oil & Gas community. Registration for this event will closed on **23rd August**. To register please visit IChemE Aberdeen Members web: <https://www.icheme.org/membership/communities/member-groups/aberdeen/events/>

Bethan Vasey, currently Project Manager for decommissioning one of the largest platforms in the North Sea, driving project excellence and efficient delivery. Bethan has worked on Brent Field Decommissioning since 2014, overseeing the Brent Delta single lift and onshore dismantlement.

A chartered Civil Engineer with a Masters from Cambridge University, she has delivered global projects in challenging environments including work in Siberia, Qatar and Kazakhstan.

Previously Bethan also worked in a variety of technical and commercial upstream roles including Global Upstream Joint Ventures and external policy development.

Next Events in 2019 “Save the Date”

17th September – Meet the Committee. “*An opportunity to find out more about IChemE involvement and open dialogue with current committee*”

24th September – Clara Altobelli (VP Technical Serica Energy). Title: “*Becoming a new operator in the North Sea*”.

9th October (*) – Annual Technical Seminar, half day event tittle “*The Energy Transition and chemical engineering’s role*” with recognised industry experts that will cover their views on carbon capture/storage, energy efficiency, hydrogen and economic impact. Venue: Aberdeen Altens Hotel.

26th November – Annual General Meeting with guest speaker. Speaker TBC.

*This event will have a modest cost charge (under review); the rest of the events will be **FREE of charge** at Aberdeen, Carmelite Hotel. For general enquiries email to aberdeen-events@ichememember.org.

We are looking for presenters for our **Technical Events 2020 programme**. If you would like to share your knowledge in any field, please keep in touch with us. We are also looking for volunteers to help us deliver the activities we do in our IChemE Aberdeen Member Committee!
