

## 24 September IChemE Technical Talk

Join Clara Altobell for the presentation “**Serica Energy UK Assets and Main Challenges**”. Serica is a British-based independent upstream oil and gas company with operations centred on the UK North Sea and in 2018 it became for 1<sup>st</sup> time field operator with the acquisition of Bruce, Keith and Rhum fields (previous BP asset).

Her presentation will cover:

- Serica background and its recent growth
- Challenges for managing aging North Sea assets and extension of field life in today’s operating environment
- Setting up management systems and organisation
- Moving from a Functional organisation to Asset Based structure
- Technical authorities and their role in managing asset operations and technical assurance align with Serica policies and relevant legislation and standards
- Case studies: How technical Authorities have helped trouble-shoot and audit the operations team

**Time:** 18:00

**Date:** 24 September 2019

**Venue:** Carmelite hotel Stirling St, Aberdeen AB11 6JU, UK.

**Parking:** Union Square car park

**Cost:** **FREE** and food will be provided.

Clara Altobell is the Technical VP of Serica Energy plc and has 23 years of experience in the Oil & Gas sector. She started work as a Petroleum Engineer and has mainly worked with independent oil companies, working in the UK, Algeria, Indonesia, Namibia and Ireland. She has worked on exploration, production, development, new ventures and corporate growth. She now heads up the subsurface team and technical assurance function for Serica.

This is a great opportunity to record your CPD and networking with Aberdeen Oil & Gas community. Registration for this event will closed on **20 September**. To register please visit IChemE Aberdeen Members web: <https://www.icheme.org/membership/communities/member-groups/aberdeen/events/>

### **Next Technical Events in 2019 “Save the Date”**

**9th of October (\*)** – Annual Technical Seminar, half day event tittle “*The Energy Transition and chemical engineering’s role*” with recognised industry experts that will cover their views on carbon capture/storage, energy efficiency, hydrogen and economic impact. Venue: Aberdeen Altens Hotel.

**26th of November** – Annual General Meeting with guest speaker. Speakers TBC.

\*This event will have a modest cost charge (under review). For general inquiries email to [aberdeen-events@ichememember.org](mailto:aberdeen-events@ichememember.org).

We are looking for presenters for our **Technical Events 2020 programme**. If you would like to share your knowledge in any field, please keep in touch with us. We are also looking for volunteers to help us on the activities we do in our IChemE Aberdeen Member Committee!
