

# STRATEGIC ECONOMIC PLAN FOR THE SHEFFIELD CITY REGION

OUR SPEAKER IS THE CHAIR OF  
THE LOCAL ENTERPRISE  
PARTNERSHIP

**JAMES MUIR**

The Sheffield City Region Local Enterprise Partnership (LEP) brings together the private and public sector to support growth in the region.

The LEP is in the process of refreshing its Strategic Economic Plan (SEP). This new plan will lay foundation for future business growth, skills, infrastructure and trade promotion work. The plan will seek to build upon our strengths and capabilities as a region and will be used to unlock national, regional and local investment in our economy.

James Muir, Chair of the Sheffield City Region LEP, will set out their vision and his ambitions for the Economic Plan in an important event coordinated with the Professional Engineering institutions in Yorkshire and Humber.

This is an opportunity for businesses, members and partners to join the discussion about the Strategic Economic Plan, help shape our priorities and understand better how you can play a part in the future of the Sheffield City Region.

Presented by the Professional Engineering  
Institutions - South Yorkshire Networks:

January 30<sup>th</sup> 2020

6pm-8pm

Cutlers' Hall  
Church Street
