

Associate Fellow application - supporting information

Please complete all sections below and upload this document with your application.

Applicant's name:	
Please outline the capacity in which you work with chemical, biochemical or process engineers	
Please give details of any senior level professional membership(s) you hold (eg Fellow) and upload proof of this (certificate etc)	

Applicant declaration

I confirm I am not a chemical engineer.

I confirm that my CV details that I am a senior company executive, a senior practitioner in a technical or non-technical discipline outside of chemical engineering, a distinguished academic, or a person of wide scientific or professional reputation in my chosen field.

I confirm that my CV details my contribution to the chemical engineering profession through the support of staff/technical competence/training.
