

# Technical Seminar - Transformational Technologies

10 October 2018

We hope you will join us at this year's technical seminar for a programme of technical presentations and interactive sessions .

The keynote speaker will be Professor Tom Baxter who will describe the technologies he considers to have been transformational in the course of his 40 year career in the oil and gas industry. We will then have industry presentations from Shell, Chevron, Genesis and Repsol describing new technologies that have applications for us today and in the future.

The afternoon will include interactive sessions and networking opportunities. We will also have pop-up demonstration booths offering a chance to experience augmented reality.

**Time:** 12:00 - 17:00

**Location:** Aberdeen Altens Hotel, Souterhead Road, Aberdeen, AB12 3LF

**Cost:** IChemE Members - £35.00  
Non-members - £55.00  
Students - £20.00
