

ICChemE Global Awards 2024

Sponsorship opportunities

28 November 2024, Manchester, UK

ICChemE

About the IChemE Global Awards

Celebrating chemical engineering excellence

The IChemE Global Awards are widely recognised as the world's most prestigious chemical engineering awards. Event sponsors can access a range of exclusive pre-event brand exposure opportunities, on-the-night benefits, and further post-event publicity.

Our Awards celebrate chemical engineering excellence and cover the breadth of the chemical and process industries. This is a unique opportunity to support excellence and connect with an audience of key decision-makers.

This year's Awards dinner will take place at the Mercure Manchester Piccadilly Hotel, UK.

Sponsor places are limited – book early to make the most of the sponsorship opportunities on offer.

“ This event is a highlight of the year for IChemE, and a fantastic opportunity to learn about the latest developments in our profession. The IChemE Global Awards showcase the enormous breadth of activity being undertaken by chemical and process engineers worldwide. ”

Nigel Hirst, IChemE President 2023–2024

Why sponsor the IChemE Awards?

The IChemE Global Awards are a celebration of success and excellence for those working in the chemical and process industries.

Becoming a sponsor of the IChemE Global Awards aligns your company and its products and services with excellence, allowing you to reach and connect with an audience of key industry decision-makers.

Sponsorship provides your organisation with the benefit of up to nine months' exposure and marketing to the chemical and process community.

Opportunities to highlight your company brand

- All IChemE pre-event marketing coverage will include your logo and website link
- Third-party event advertising
- A section on our dedicated event website including a company profile and a link to your website
- Social media posts
- Award winner's trophy and finalists' certificates (company name)

Advertising

- Company profile and logo in the IChemE Global Awards programme
- Company profile and logo in the IChemE Global Awards event review

On the night

- Announce the award winner and present the trophy for your sponsored category at the IChemE Global Awards Dinner
- A table for ten in a prime location at the IChemE Global Awards dinner including a three-course meal
- Ten invitations to the pre-event drinks reception
- Your logo will appear on audio-visual graphics throughout the event

In short

- Stand out against your competition
- Support excellence within the chemical and process community
- Maximise your brand exposure
- Take advantage of premium networking opportunities

Award categories

Outstanding Achievement in Chemical and Process Engineering

The best entry from the IChemE Global Awards across all categories will be presented with the *Outstanding Achievement in Chemical and Process Engineering Award 2024*.

Best Consultancy

Recognises the individual, organisation or group that best demonstrates the provision of outstanding consultancy services within the chemical engineering community.

NEW ➔ Biopharma

Recognises the best project, process or product to demonstrate excellence in the application of biochemical and/or pharmaceutical engineering.

Business Start-Up

Recognises the organisation, formed in the last five years, to best demonstrate its contribution to the chemical and process industries. Entries should demonstrate evidence of business potential and preferably performance.

Equality, Diversity and Inclusion

Recognises the organisation or group that best demonstrates a commitment to promoting or improving equality, diversity and inclusion within its workforce, sector or business practices.

Industry Project

Recognises the best chemical engineering project, undertaken in the last four years, to be implemented in industry. This includes, but is not limited to, construction of new plant and the adaptation of existing facilities.

Contact Graeme Lea at Media Shed: ichemeevents@media-shed.co.uk ☎ +44 (0)20 3475 6813

NEW ➤ Innovative Process

Recognises the best process innovation originating from the chemical and process industries to be implemented commercially in the last four years.

Innovative Product

Recognises the best product originating from the chemical and process industries to be manufactured commercially in the last four years.

Oil and Gas

Recognises the best project, process or product to demonstrate chemical engineering excellence in the oil and gas sector.

Process Automation and Digitalisation

Recognises the best project, process or product to demonstrate excellence in the application of process automation and/or digitalisation within the chemical and process industries.

Process Safety

Recognises the project, process or product to best demonstrate excellence in process safety.

NEW ➤ Renewable Energy

Recognises the best project, process or product that demonstrates excellence in the development and use of renewable energy generation and storage in the chemical and process industries.

Research Project

Recognises the best chemical engineering research project, undertaken in the last four years.

Sustainability

Recognises the project, process or product demonstrating an excellence in sourcing and consuming materials, reducing waste, and/or optimising the product life cycles.

Training and Development

Recognises the organisation that best demonstrates excellence in training and development of staff or education of a wider community.

Water

Recognises the best project, process or product to demonstrate chemical engineering excellence in the water sector.

Young Researcher

Recognises the chemical engineer who best demonstrates the impact of their chemical engineering research to address important technical, economic, environmental or social issues. All entrants must have been born on or after 1 January 1994.
