

Ten Pin Bowling

8 November 2018

The IChemE Aberdeen Members Group are hosting an annual bowling evening.

The event should give everyone the opportunity to meet new people while enjoying two bowling games. It provides an informal networking opportunity for the local IChemE Community.

In addition, companies and recent graduates can also interact to discuss subject choices and find out more about the respective degrees to enter a potential career in engineering.

This event is open to all members and non-members, including students.

This will be a fun filled evening with a relaxed atmosphere. We look forward to seeing you there.
