

Robinsons Brewery Tour

26 January 2019

The tour provides a great opportunity to network with other chemical engineers in the area whilst learning about (and tasting) an award-winning brewing process. The tour also offers an interesting insight into the history of a brewery that is nearly two centuries old, with a visible contrast of the old and new brewery. Price includes a pint in the on site bar.

Based in the heart of Stockport for almost two centuries, and owning around 260 tenanted and managed pubs, inns and hotels across the North West, 'Robinsons' is one of the oldest and most respected names in British brewing history. A proud family of independent brewers, Robinsons is one of the most advanced and sophisticated breweries in the UK, with a worldwide reputation for real ale.

Time: 11:30 - 12:45
